Aimsweb Math Concepts And Applications

Online: Enter item-level scores or the Total Score into AIMSweb. Introduction Mathematics Concepts and Applications (M-CAP) is a brief, standardized test of elements of the typical math curriculum at grades 2 through 8, with national norms for grades 2 through 2. (The norms at grades 9-2 are based on the Grade 8 form.)

aimswebPlus | About

With math CBM, students work on selected math problems for a set amount of time. After the probes are administered, the teacher scores each probe and graphs the score on a student graph. The CBM score is a general overall indicator of the student's math competency. In math, the following CBM tasks are available at these grade levels.

Mathematics Computation (M-COMP)

In math, the AIMSweb site offers early math fluency, math computation, and concepts and applications probes. In addition, the site contains writing and spelling assessments. AIMSweb also provides options to schools to order printed sets of assessment materials, computer and software tools for efficient data capture, and web-based management of CBM data.
