Angry Birds Algebra Project? | Yahoo Answers

Modeling with Quadratics activity and Angry Birds modeling with angry birds: where will it land This is a fantastic activity that students just love. With over 250 million downloads, they all know the game and it's a great way to apply their knowledge of quadratics to a familiar and fun setting. See more

Angry Birds - Parabolas - Mr. Orr is a Geek.com

Do not have them make catapults for the Angry Birds Parabola Project. This will take entirely too much time on things unrelated to the standards you are supposed to be teaching. If this is the version of the project you want to do then partner with a shop class or art class where creating the catapult will meet a standard for that teacher. Then ...

Angry birds "the parabolic edition" by Nicole Reynolds on ...

Angry Birds "The Parabolic Edition" Red Bird, Yellow Bird, Blue Bird, and Black Bird are angry with the pigs. The pigs stole the bird's eggs. The birds want their eggs back and will stop at nothing to get them back. The flight path of the birds can be modeled with a parabola. Use "x" as the distance and "y" as the height.

ANGRY BIRDS THE PARABOLIC EDITION ANSWERS 1STED PDF

We have just spent a week working with quadratics in MPM2D and today I had students create their own angry birds level. The only real requirement was for them to create at least two flight paths and model them with quadratic equations. I was hoping to see how they relate the equation to the graph. This worked out better than expected.
