### Operation & Maintenance Manual S185 Skid-Steer Loader

I have a Bobcat 773. The Transmission Warning Light has come on- what does this light mean? This is the light directly below the Engine Warning Light. Is there a dip stick that I can check the transmission fluid like on a automobile? If so, where is it located? I've already checked two dip sticks one for the oil and one for the hydraulic fluid.

## **What are the Indicator light symbols for a Bobcat Skid ...**

I noticed this light lit up on my skid steer today and I cannot find in the manual what it stands for. The machine is running as good as ever, all fluid levels are good with new filters. I thought maybe it was hydrostatic pressure and would go out once up to operating temp but it did not. Any help would be appreciated.

### **Bobcat Strobes and Work Lights**

Re: bobcat 773 G warning light and then shut down Posted: 03/22/2012 12:34 PM: The service manual says when that warning light is flashing with a continuous alarm the the engine speed is too high. Might be a faulty RPM sensor or the gap needs adjusted. The seat belt light is just a reminder to buckle up and should turn off after 45 seconds.
