In general, the male body produces far more testosterone than the female body. And since testosterone is what helps kick muscle building into high gear, you might wonder if it's even possible for a woman to gain an appreciable amount of muscle. It's not only possible, it's one of the best things that you can do for yourself!

Bodybuilding.com - Huge Online Supplement Store & Fitness ...

The Bodybuilding.com Guide to Your Best Body presents a plan that promotes health from the inside out, starting first with the mental blocks that are holding you back, progressing to the muscles on your body, and finally to the food on your plate. Rather than subtracting things from your life (cutting calories, losing weight, banishing your belly), here's how to add more of the RIGHT things: more muscle, more support, and more success.

The GREATEST Bodybuilding Motivation EVER

Vegan-oriented bodybuilding books will cover a lot of detailed information that's directly relevant to you, including healthy diet tips meals and including protein shakes, workout advice for each and every day to help build muscle and, in the best cases, real fact-based guidance that you can focus on as you tune out the naysayers.

The Complete Guide To Losing Weight | Bodybuilding.com

In Bodybuilding.com's Foundations of Fitness Nutrition Course, Douglas Kalman, Ph.D., recommends a baseline intake of 1.4 grams per kilogram of body weight for everyone, or 0.6 grams per pound, for all people. For a 150-pound person, that equates to 90 grams per day.
