Practical flight training is performed entirely in the full flight simulator. Each practical training event is preceded by a 60- or 90-minute instructor-led briefing and followed by a detailed debriefing. Check rides are delivered by a qualified Boeing examiner, customer-assigned examiner, or approved regulator.

Flight Crew Training Manual FCTM describes maneuvers and techniques used by Boeing 777 crews. It is a broad document that explains the reasons and the context of some tasks. FCOM in contrast will focus on what to do and when to do it.

### Aviator Briefing - Jeppesen

Boeing 737 Flight Crew Training Manual states on p. 2.1 that the takeoff briefing assumes that normal operating procedures are used, hence it is not necessary to brief normal or standard takeoff. My question to you is: Does your company accept this, or do you do a complete takeoff briefing, and if yes, how does it sound?
