Salimah Samji, CID's Building State Capability Program Director, interviews Matt Andrews, Senior Lecturer in Public Policy at Harvard Kennedy School and Lant Pritchett, Professor of the Practice of International Development at Harvard Kennedy School on their recently launched book "Building State Capability - Evidence, Analysis, Action".

Building State Capability Evidence Analysis

Building State Capability: Evidence, Analysis, Action. The book then describes a process that governments can use to escape these capability traps. Called PDIA (Problem Driven Iterative Adaptation), this process empowers people working in governments to find and fit solutions to the problems they face.

Building State Capability

[Correction added on 26 March 2018, after first online publication: the book review title was changed to "Building State Capability: Evidence, Analysis, Action" and the reference title for Andrews, M. was also changed to "The limits of institutional reform in development: Changing rules for realistic solutions".]

Michael Woolcock and Lant Pritchett on building state ...

"Building State Capability provides anyone interested in promoting development with practical advice on how to proceed -- not by copying imported theoretical models, but through an iterative learning process that takes into account the messy reality of the society in question. The authors draw on their collective years of real-world experience as well as abundant data and get to what is truly the essence of the development problem."
