### BYD P6C-36 Série 3BB - studylibfr.com

The datasheet for the BYD P6-36 Series-3BB panels says it has 72 cells and the size and weight that is given is that of a 72 cell panel. However, via a process I learned from Sesame Street called counting, I determined that the photograph of the solar cell on the datasheet only has 60 cells and so does not match its description.
