Capitalism in the Web of Life reflects two
decades of reflection and study at the
nexus of two great concerns: the history
of capitalism and environmental history.
It has been a long, productive, exciting,
and often tumultuous, journey. This
book's ideas were formulated on both
coasts of North America, on both sides of
the Atlantic, at eight

Capitalist Nigger: The Road to Success, a Spider-Web Doctrine is the title of a controversial book by African Sun Times publisher/editor-in-chief, Dr. Chika Onyeani. He has also written a novel entitled The Broederbond Conspiracy, fondly called the "Black James Bond". The author is sad that Black actors continue to clamor to play the role of James Bond without success, hence he decided to

analyze the root cause of this impasse for environmentalism: the widely-shared view that ‘the environment’ is a separate and unique part of existence outside of capitalism that capitalism devalues.” —New Inquiry “Nature is not a foundation, container, or resource; it is us.

Capitalism In The Web Of

In *Capitalism in the Web of Life*, Jason W. Moore argues that the sources of today’s global turbulence have a common cause: capitalism as a way of organizing nature, including human nature.

Drawing on environmentalist, feminist, and Marxist thought, Moore offers a groundbreaking new synthesis: capitalism as a “world-ecology” of wealth, power, and nature.

Capitalism in the Web of Life by Moore, Jason W. (ebook)

Capitalism is the social system of the Enlightenment, founded on a philosophy based on reason, egoism, and freedom. The term capitalism (from the Latin word *capta*, meaning "head") is used here in the broader philosophical sense, and not in the narrower economic sense, i.e., a free market. Capitalism is the social system of and for the human ...
