7942 IP Phone Users~~
Hi Rob, Thank you very
much for your
response. I found the
information at Cisco
website and they said
it would be the best
solution. The number I
am trying to modify is
for one person and
shows up only on one
phone but 2 lines.

Phones have a built-in SSH server which enables the administrator to login and enable specific debugs. For most troubleshooting, the default level of phone debugs are sufficient however there may be some cases where working with Cisco TAC or Engineering it may be necessary to enable further phone debugs.
