European Administrative Governance

Abstract. This volume is a primer on the European Union (EU) administrative system. It offers a wide-ranging analysis, notably on how EU administrative capacities relate to pre-existing institutional constellations at global, national, and subnational levels of government, and contribute to a system transformation of existing (largely nation-state) administrative orders.

In particular, contributions to the series will engage with the role and nature of the evolving bureaucratic processes of the European Union, including the study of the EU's civil service, of organization aspects of individual institutions such as the European Commission, the Council of Ministers, the External Action Service, the European Parliament, the European Court and the European Central Bank and of inter-institutional relations among these and other actors.

EU administrative governance (eBook, 2006) [WorldCat.org]

Policy implementation at EU level plays a prominent role in EU administrative governance despite the fact that since its very beginnings the E(E)C and later also the EU have been based on what has come to be referred to as 'executive federalism'⁹. Generally, Member States apply and enforce policies and law adopted at European level.

The #EURRegionsWeek is around the corner and, as every year, we are proud to present you the events focused on good governance and administrative capacity. The 2020 edition is a peculiar one, as most of the events will take place online. Another important novelty is the focus we are having on promoting #citizenengagement in Cohesion policy.

EU Administrative Governance - untag-smd.ac.id

They plead for an interdisciplinary approach which leaves behind the static view of administrative law focusing exclusively on administrative norms and laws for the implementation of political decisions: 'The use of the term governance allows us to address the open and dynamic development of steering tools and procedures, which often span the divide between political and legal structures' (at 5).
