~~Fixed Income Analysis Relative Value~~

~~Fixed-Income Relative-Value Investing (FI-RV) is a hedge fund investment strategy made popular by the failed hedge fund Long-Term Capital Management. FI-RV Investors most commonly exploit interest-rate anomalies in the large, liquid markets of North America, Europe and the Pacific Rim.~~

~~There's more to fixed income than just buying bonds ...~~

~~As western governments issue increasing amounts of debt, the fixed income markets have never been more important. Yet the methods for analyzing these markets have failed to keep pace with recent developments, including the deterioration in the credit quality of many sovereign issuers. In Fixed Income Relative Value Analysis, Doug Huggins and Christian Schaller address this gap with a set of ...~~

~~Fixed income relative value | Systemic Risk and Systematic ...~~

~~Fixed income analysis is the valuation of fixed income or debt securities, and the analysis of their interest rate risk, credit risk, and likely price behavior in hedging portfolios. The analyst might conclude to buy, sell, hold, hedge or stay out of the particular security. Fixed income products are generally bonds issued by various government treasuries, companies or international organizations.~~
