Maple Guide is designed to help players navigate through quests and hunting fields. The Maple Guide UI appears in the upper left corner of the game window. Different recommended field buttons will appear based on the character's level. Please note that some recommended fields are only accessible only when you have related quests completed.

Maple - The Essential Tool for Mathematics - Maplesoft

Maple trees are amber-coloured trees that require a Woodcutting level of 45 to be cut down and grant 100 Woodcutting experience per maple log.. As with most other trees that can give more than one log, maple trees have a 1 in 8 chance of depleting per log chopped. Each maple tree takes 35 seconds to respawn.

This guide describes the most effective non-members methods to train the Woodcutting skill. The experience rate estimates in this guide do not incorporate the use any experience boosting items or bonus experience and assume that players are using the best possible hatchet available for their Woodcutting level. Woodcutting is a gathering skill which, for free-to-play players, involves obtaining ...
