From Corpus to Classroom: Language Use and Language ...

From Corpus to Classroom begins with a useful overview of corpus design, analytical techniques, and ways in which corpora have influenced teaching practice. The second chapter looks at word frequency, centering mainly on core vocabulary (the first 2,000 words of English) and how we decide what to teach at basic and advanced levels.

From Corpus to Classroom: Language Use and Language ...

This clear, thorough, and authoritative account of how corpus analysis can shed pedagogically relevant light on an important language phenomenon is typical of the best aspects of From Corpus to Classroom. However, it also highlights some of the issues which I hinted at at the beginning of this review.
