Scientific guidelines | European Medicines Agency

Unfortunately, for some managers e-mail has created a new channel for "zapping" employees. Supervisors write what they don't have the courage to say in person. The cure: Reserve negative appraisals for face-to-face dialogue. E-Mail Should Not Replace Conversation. When e-mail first entered the workplace, this was my biggest fear.

E-cigarettes in public places and workplaces: a 5-point ...

Care is to be taken when a claim relates to a two-step process which combines a use step with a product production step. This may be the case e.g. when a polypeptide and its use in a screening method have been defined as the only contribution to the art. An example of such a claim would then be: "A method comprising:

A Dozen Guidelines for Using E-Mail

Some people have mistakenly claimed that OSHA standards (e.g., the Respiratory Protection standard, 29 CFR 1910.134; the Permit-Required Confined Space standard 29 CFR 1910.146; and the Air Contaminants standard, 29 CFR 1910.1000) apply to the issue of oxygen or carbon dioxide levels resulting from the use of medical masks or cloth face coverings in work settings with normal ambient air (e.g ...
