level, depth, and severity of poverty in Ghana. However, the size of the poverty reduction depends on the type of remittances received. In general, poverty in Ghana is reduced more by international than internal remittances.

THE IMPACT OF FOREIGN REMITTANCES ON POVERTY ALLEVIATION

Read Book Impact Of Remittances On Poverty In Uruguay

Remittances are part of a private welfare system that transfers purchasing power from relatively richer to relatively poorer members of a family, or a community. They reduce poverty, smooth consumption, affect labor supply, provide working capital, and have multiplier effects through increased household spending.
