Another great one from Crusie While there isn't alot of suspense in Manhunting, it is a good story well told. It is not as gut wrenchingly funny as some of her other books, it is very sweet. A nice romance. 1 of 1 people found this review helpful

Another funny romance by Jennifer Crusie. Every one of my favourite contemporary romance authors has her (yes, they are all women) own mark. In Crusie's novel, that are witty, hilarious scenes and dialogues. Her love stories are a bit fast, I mean, the main characters often decide to get married (have their HEA) after a few days.
