World War II American Air and Nautical Almanacs In 1940, Columbia University Astronomy Professor Wallace Eckert left his Columbia post for the US Naval Observatory for the duration of World War II to serve as Head Astronomer and Director of the USNO's Nautical Almanac Office, which produced the almanacs used for air and sea navigation.

Nautical Almanac 1976: Amazon.co.uk: Nautical Almanac ...

In astronomy, a conjunction occurs when two astronomical objects or spacecraft have either the same right ascension or the same ecliptic longitude, usually as observed from Earth. The astronomical symbol for conjunction is \oslash (in Unicode U+260C) and handwritten \oslash . The conjunction symbol is not used in modern astronomy. It continues to be used in astrology.

Amazon.com: 1976 almanac

Ephemeris time based on the standard adopted in 1952 was introduced into the Astronomical Ephemeris (UK) and the American Ephemeris and Nautical Almanac, replacing UT in the main ephemerides in the issues for 1960 and after. (But the ephemerides in the Nautical Almanac, by then a separate publication for the use of navigators, continued to be ...
