The Pathfinder adventure game system ("Edition 3.75") has been augmented by an improved version of the 3.5 rules for psionics. Several correspondents were as impressed with Psionics Unleashed as I was, and asked me to prepare this character generator.

As we worked to address mechanical items, we recognized that parts of the psionic rules did not follow the same standards that the Pathfinder Roleplaying Game did. As we updated classes, feats, skills, and monsters to match the Pathfinder design, we realized that this was far more than a minor update to the 3.5 psionic system; it was a revision deserving of its own complete book.

Psionics Augmented from the Author First, I want to thank you for checking out this chapter of the Psionics Augmented lineup, that of course being for the soulknife class! As the developer of the Path of War line, when Psionics Augmented was being discussed I immediately jumped on this class, one of my all time favorites of the psionic classes.

Psionics Unleashed is a faithful revamp of the original 3.5 Psionics Rules of the artist formerly known as the World's Most Popular Roleplaying Game. The folks at Dreamscarred Press did a good job of cleaning up and fixing up the old 3.5 Psionic Rules, not only making them Pathfinder compatible but also increasing and decreasing power as needed and making the rules streamlined to fit Pathfinder.

Psionics Unleashed is a surpassingly valuable hoard to be looted for its treasures. I admire Dreamscarred Press not only for the sweat of their brow and for bringing psionics to Pathfinder, but for their great facility with the Pathfinder rules and issues of balance, clarity, and fun.

Every psionic character or creature has a daily supply of power points that can be used to manifest psionic powers that the character has unlocked or discovered.

There is absolutely nothing in Psionics Unleashed that makes one think "Wow, now THIS is Pathfinder Psionics!" This is 3.5 Psionics, updated to the Pathfinder standard. It works and works extremely well, but it is not the end-all-meets-all quality that Pathfinder players know and love from Paizo, and because of this, it is my personal opinion that a Psionics revamp is not at all impossible ...
