Redefining Health Care: Creating Value-Based Competition ...

This book "grew out of a puzzle: why is competition failing in health care?" This first sentence of the book is followed by a rationale, namely that "throughout the economy competition among private sector rivals is the most powerful force yet discovered for driving improvements in the quality and cost of products and services"—except in health care in the United States.

Redefining Health Care on Apple Books

Competition has failed in health care for the simple reason that it is based upon entirely wrong metrics. We must reorient health care around value for patients, rather than current drivers like volume of care, procedures, geography, or the discounts negotiated by insurers. Only then can we create a system that delivers sustained improvements ...
